DID YOU INCLUDE A COPY OF THE SIGNEE'S IDENTIFICATION PAPERS?

Requests to have a NemKonto assigned will not be processed without a copy of the signee's identification papers. Therefore, it is important that you remember to include a copy of the signee's official identification papers with the Registration form.

Witnesses are not required to send in a copy of their official identification papers.

³ Please note that it is not possible to assign a NemKonto to a Danish IBAN. You will need to contact the bank.
